ALIMENTARI MERSONI

Category: More
business description:

THE GROCERY STORE OF YESTERYEAR. A grocery store, where the eyes caress sweet delicacies such as the baci di dama, the apricot jam tart, the Genoese-style canestrelli, and some specialities in jars, including the inevitable mushrooms in oil. The bakery products are very respectable: hand-pressed grissini with extra virgin olive oil and the focaccia, thin and tasty.
