Nel Monferrato degli Infernot

Category: Cycling Routes
Titolo: In Monferrato of the Infernot
Descrizione del percorso: The characteristic villages of Cereseto, Treville, Cellamonte and Sala built in local cantone stone are reached by travelling the gently rolling hills covered by vineyards and woods. Here, you can discover the extraordinary infernots and wine-producing landscapes of Monferrato, declared UNESCO World Heritage Site in 2014.

Tappe del percorso e punti di interesse: This itinerary takes us first to Cereseto and then to the village of Treville, with its beautiful panorama over the valley. Proceed towards the characteristic village of Cellamonte, famous for its tuff dwellings. Continue in the direction of Sala Monferrato and go through the village heading towards Cereseto to admire its characteristic Castle.

Itinerary geomapped by Claudio Trombin.
